

ABOUT

Evelyn has twenty years of experience in accounting, tax planning, auditing and consulting. Through her consultations, business owners were able to develop common sense approaches to their business challenges. Her work emphasizes auditing and consulting with the following companies: manufacturers, SEC reporting companies, financial institutions, non-profits, governmental agencies, retail operations, equine entities, wineries, and agricultural co-ops.

With a reputation for detail and organization, Evelyn's skills make her one of the most effective and efficient auditors. By unlocking the tax mysteries, she offers the clarity necessary to meet her clients' needs. She is committed to providing timely, proficient and cost effective services to all her clients. Since 2006, she has been a guest speaker on equine taxes and business management in the Equine Enterprise Management course at UC Davis. Evelyn's wide-ranging and diverse background provides a wealth of "best practices," making her clients the true beneficiary of her experience.

Productive working relationships are a critical factor in reaching any goal. **Cook CPA Group** enjoys an excellent rapport with our clients' management personnel, legal counsel, bankers, and other professionals.
